## **Show Report**

When I first took on the job as show chairman, I seriously did not know what I was getting myself into as it was my first time. All I know was that I had a goal which I was determined to see through. That was to set a new method and standard for future shows, as well as making it the biggest draw crowd and money revenue within our club history. I am proud to say "we've done it" all thanks to those who have believed and supported me from day one.

I would like to thank them all personally. Firstly, my show committee team. Judy for the new floor plan for the show, entry forms and behind the scene work. Miki and Phong for their support and ideas.

Alan for organizing everything that involved the judge and backing us up in time of need. Josie and Charlie for taking care and driving around of the judge and his wife and interpreter and for organizing others to help with the driving on the day of the show. Miki and Josie for dealing with the extensive side of the advertising. Urs (Chief Steward), Rodney Hansen and Miki for their assistance with the judging at the show. John Green for volunteering and being our night watchman. Last and not least I would like to thank Bill for his extensive work in building the new structure for the show as well as taking over when I wasn't able to.

Once again I would like to thank everyone who was involved in the show from the setting up before the show and tearing down and cleaning up on the show day. I am proud to say that with the support from everyone we had a great and successful 2006 show.

Darian Truong  
Show Chairman
